GENERAL INSTRUCTIONS FOR REFUND REQUEST FORM

This form is for use by individuals claiming a refund of city tax withheld in excess of their liability. Indicate the calendar year for which the refund is claimed. If the individual has other income, the standard city income tax return must also be used. If a refund is claimed for tax withheld by more than one employer, a separate refund request must be completed for each employer. All forms must be submitted together.

The completed form plus all attachments (W-2's computation worksheets, etc.) is to be submitted to the City of Piqua Income Tax Department at the address shown on the front of this form. Note: missing or incorrect information will delay your refund. Allow 90 days for the processing of this claim form.

1. **BASIS FOR REFUND:** A brief but complete explanation by the Applicant is required concerning the reason for the overpayment. Explain method of calculation and show computations used to determine the amount of taxable city income. If job duties require travel to different work sites to perform work, **you must provide a list of dates and location of city or cities worked.** Seminars, meetings and training sessions, although they may be outside the city, do not constitute a change in work situs and cannot be deducted as travel days. See Part C below for calculating travel day deduction.
2. Refund Calculation is based on your gross compensation (including any deferred income). A copy of the W- 2 must be attached.
3. The average working year consists of 260 days (Saturdays and Sundays are not typically considered working days). If you were not employed for the full year, or were a part-time employee, or worked weekends, you must adjust your Total Days available accordingly. Provide a written explanation and attach.
